

## **Lent 2026**

Preliminary (the week before Lent)

My dear, my very dear friends. I bring you my very warmest wishes. I cannot tell you how delighted I am to be working on you (Sorry, I mean, of course, *with* you) here at Earlsdon. Our Father Below is concerned that you have been drifting away from Him & has sent me to bring you back to His fold. Neither He nor I live in time, but over the next few of your 'weeks' I will be bringing you some advice on how you can return to Him, & in time, meet Him fully & eternally. We are going to look at certain habits and actions that you may have come across already. They are sometimes known as 'sins' but here Below we think of them as the Infernal Pleasures. Watch out for my advice, won't you?

Your affectionate & everlasting friend

Halftruth
